SPIRIT AND SOUL OF SKATING

ROLL 'N' ROLL

Seit 1952 ist unsere Marke eng mit etwas ganz besonderem verbunden: Mit Emotion.

Wir möchten die Gefühle unserer Kunden wecken, ihren Enthusiasmus und ihre Leidenschaft. Eine Emotion zu zeigen bedeutet, nach außen darzustellen, was sich im Inneren verbirgt.

Unser Erfahrungsschatz zeigt sich Jahr für Jahr nicht nur in unseren bewährten attraktiven, sicheren und komfortablen Produkten, sondern auch in Form neuer Entwicklungen, die für ein einzigartiges Erlebnis stehen. Wie der Wind im Haar an einem warmen Frühlingstag, oder das ganz spezielle Geräusch schnell drehender Räder auf heißem Asphalt.

Wenn dir das alles bekannt vorkommt, und du auf der Suche nach diesen ganz speziellen Gefühlen bist, ist unsere 2018er Range ein verlässlicher Freund. Egal wo deine Präferenzen liegen, ob Skaten in klassischen Rollerskates oder mit Inlinern, mit wendigen Big-Wheels oder cooles Street-Skating – wichtig ist nur Eines: Der Spaßfaktor, dein Lachen, Du fühlst dich wirklich frei und das bewegt dich: Zeit für Roll 'n' Roll!

Depuis 1952, nous cherchons des émotions, nous inspirons vos humeurs, nous désirons allumer votre enthousiasme et votre passion : créer une émotion signifie faire ressortir ce qui est en vous, trouver le bon équilibre pour donner une accélération à votre vie.

Chaque saison, nous utilisons tout notre savoir et notre expertise pour façonner non seulement des produits attractifs, sûrs et confortables, mais aussi être capables de vous faire ressentir de nouvelles sensations uniques, comme le vent dans les cheveux lors d'une tiède journée de printemps ou le son des roues tournants rapidement sur l'asphalte. Si vous recherchez de telles émotions, dans cette nouvelle collection 2018, vous serez sûr de trouver le compagnon fait pour vous. Peu importe si vous préférez les patins en ligne ou les quads, les grandes roues ou les plus petites, ce qui compte vraiment, c'est que vous vous amusez, vous souriez, que vous vous sentez libre et heureux: il est toujours temps de rouler!

Dal 1952 cerchiamo emozioni, smuoviamo gli animi, desideriamo accendere entusiasmo e passione: emozionare significa portare fuori ciò è dentro, trovare il momento giusto per dare una bella spinta alla vostra vita.

A ogni stagione utilizziamo la nostra conoscenza e esperienza per offrirvi dei prodotti non solo attraenti, sicuri e confortevoli, ma anche capaci di far provare sensazioni uniche, come il vento tra i capelli in una tiepida giornata di primavera o il rumore delle ruote che girano veloci sull'asfalto.

Se sei alla ricerca di emozioni come queste, nella Collezione 2018 troverai il compagno giusto per te; poco importa che tu preferisca i pattini in linea o i quad, le ruote più grandi o quelle più piccole dello street skating, quello che conta è che tu ti diverta, che tu sorrida, che ti senta in libertà e felice, insomma che ti emozioni: *it's always time to roll 'n' roll!*

The year 2018 marks the 40th anniversary of the so-called PRO shell by Rocés, the "living ancestor" of all hard shell skates that have come later. Out of its mould, Rocés has produced more than 7 million skates. Developed in 1978 for the first ice skates made in plastic (one of the many Rocés achievements), this shell demonstrated a lot of versatility and applications (ice, inline, quad skates and even water ski boots). It became really mythical in 1981 when it lent its shape to the first ever inline skate ever produced and started to be considered as a piece of history and an out-to-out timeless classic when its design gave life to the first legendary aggressive skates of the Nineties. Still used in many productions after 40 years, younger than ever!

2018 feiern wir einen runden Geburtstag mit einem echten Klassiker: Der Urahne aller Schalenskates, die Rocés PRO Schale wird 40 junge Jahre alt. Ein echtes Original und lebender Zeitzeuge des Sportartikel-Engineerings. Bis heute sind über unglaubliche 7 Millionen Paare Skates aus dieser legendären Form vom Band gelaufen. Ursprünglich 1978 für den ersten Hartschalen-Plastik-Schlittschuh entwickelt, zeigte die Schale in den darauffolgenden Jahren ihre unvergleichliche Vielseitigkeit und entfaltete in den 80igern und 90igern ihr volles Potential: Schlittschuhe, Inline-Skates, Quad-Skates und sogar Wasserskistiefel wurden auf Basis der unverwüstlichen „Pro“ produziert. Der Grundstein, um zum echten Mythos zu werden wurde sicherlich 1981 gelegt, als ihr schlichtes aber elegantes Design Pate für die ersten serienmäßig gefertigten Inline-Skates stand. Selbst den überdurchschnittlich hohen Anforderungen der materialverzehrenden Stunt-Skater der 90iger Jahre hielt sie stand und galt als unverwüstliche Benchmark. Nach vier Jahrzehnten ist die schwarze PU-Legende nach wie vor erfolgreich Teil unseres Sortiments und mit 40 Jahren jünger als je zuvor!

L'année 2018 marque le 40ème anniversaire de la création de la mémorable coque PRO by Rocés, l'ancêtre vivant de toute les coques hard créée depuis cette date. Depuis le lancement de ce moule, ROCES a produit plus de 7 millions de patins. Développée en 1978 pour les patins à glace en plastique (une des nombreuses réalisations ROCES), cette coque fait preuve d'une polyvalence inégalée (patin à glace, en ligne, quad et même chaussure pour le ski nautique). Elle est devenue légendaire en 1981 quand Rocés a utilisé son moule pour les premiers rollers en ligne et a commencé à être considéré comme une référence historique et un classique intemporel au niveau mondial. Sa conception a donné vie aux premiers patins agressifs des années 90. Encore utilisé pour différentes productions depuis 40 ans. Plus jeune que jamais!

L'anno 2018 marca il 40° anniversario del cosiddetto scafo PRO di Rocés, l'antenato vivente di tutti i pattini hard che sono venuti dopo. Dal suo stampo, Rocés ha prodotto più di 7 milioni di pattini. Sviluppato nel 1978 per i primi pattini da ghiaccio in plastica (uno dei tanti primati di Rocés), questo scafo ha dimostrato un'ineguagliabile versatilità di applicazioni (pattini da ghiaccio, inline, quad e persino scarponi da sci nautico). Divenne davvero mitico nel 1981 quando prestò la sua forma al primo pattino in linea di sempre e iniziò a essere considerato un pezzo di storia e un classico senza tempo a livello mondiale quando il suo design diede vita ai primi leggendari pattini aggressive degli anni Novanta. Ancora usato in diverse produzioni dopo 40 anni, più giovane che mai!
